

## PROJECT XBE SPEND

The ICR **Project XBE Spend Award** recognizes outstanding XBE spend on private and public works projects. The awardee must have established project goals that are either met or exceeded. The award takes into consideration both aggregate and disaggregate spend by XBE categories in a supplier diversity program.

A panel of judges will evaluate the submissions and determine which project deserves recognition.

The winner will be announced at the ICR Annual Conference on *September 29, 2022* at Newfields.

### Criteria

- Must provide contact information including email address or phone number and contract amounts for at least one quarter of all the XBEW contractors that participated on the project.
- Must provide the final XBE monthly report or close out report that was provided to owners showing all contractors and contract amounts.
- A narrative should be included that highlights any successes, challenges overcome, or additional pertinent information that speaks to the effectiveness of your XBE program specific to the project.
- A letter from the owner authorizing the submission of the project for consideration must be included with submission.
